FIFTEEN 'Y' MEN CALL HERE ON WAY TO RUSSIA

Hope to Aid in Small Way Towards Inducing the Russian Army to Hold Present Lines—Local Man in Squad

Hope is held by the Y. M. C. A. men who passed through Honolulu today on their way to Russia that they will be able to aid in some small way toward inducing the Russian army to hold its present lines against the Germans, says W. R. Humphries of the squad, who, until a month ago, was with the Palama Settlement.

When he left here to go to New York to enter Y. M. C. A. war work he did not know he would be sent to Russia, and he back in Honolulu soon. He has been granted a year's absence from the Palama Settlement, Jacks of All Trades.

Men from all walks in life are included in the party of 15 Y. M. C. A. workers. One of them is even a former newspaper writer. This is H. D. Hadley who until recently was a reporter on the New York Tribune. His experience in Y. M. C. A. work was gained at the Plattsburg camp.

T. P. Martin is a former professor of history at the Harvard university. Rev. E. M. Anderson, Rev. W. Y. Duncan, Rev. S. C. West, Rev. N. P. Noyes and Rev. J. W. Cahill and other members of the party, are all young theological students.

Other members of the party are Harold Alpin, W. W. Banton, J. B. Bunker, E. H. Christy, R. B. Dennis, J. Elder and H. E. Merrill.

Dr. Mott's Hope
"It is the hope of Dr. John R. Mott, head of the International Y. M. C. A., who went to Russia with the Red Cross, that the war workers of the organization in Russia will be able to induce the Russian army to hold steadfast against the Germans," says Mr. Humphries.

None of the members of this Y. M. C. A. party are accompanied by their wives as they are to be detailed to the "hut canteens" on the eastern front.

Several of the Y. M. C. A. secretaries who passed through Honolulu a few weeks ago had their wives with them, but women are to be discouraged from going to Russia from now on. It is said, partly due to the shortage of food, and partly because of war danger.

Mrs. Humphries, wife of the Palama Settlement man, is in Honolulu and will remain here with her parents.

YALE GOES ON MILITARY BASIS

Yale university is on a war basis, and the students are enrolled in the government military service, according to letters received by J. R. Galt from his son, Carter Galt, a student at the big Connecticut institution. Young Galt writes that the entire university has been placed on a military footing, and the students are subject to the call of the war department for duty in France. Yale is the only university in the United States that has an organized field artillery regiment. This regiment was in training at the field artillery camp at Tobyhanna, Pa., last year.

Galt writes that two Canadian officers and one French army officer, all of whom have been active service in the trenches, are at Yale drilling the student soldiers. The French government, it is understood, has also sent the Yale artillerymen of the famous 15th that stopped the Germans on their way to Paris. These are the only French guns in America, and the Yale men are being put through a course of training with them that will aid materially when they have to work them in France. Young Galt writes that while the normal attendance at Yale is generally 3000 students, only 2000 are now enrolled.

FEELS BETTER NOW THAN FOR 30 YEARS

DANIEL J. PELLIER

Fruitola and Traxo are compounded in the Pinus laboratories at Monticello, Ill., and can be purchased of Benson, Smith & Co., wholesale distributors; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant, disintegrating the hardened particles that cause so much suffering and discharging the accumulated waste, to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alternative that is most effective to restore and rebuild the weakened, run-down system. A booklet of special interest to those who suffer with stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

MCKINLEY TURNS AWAY PUPILS OF OTHER ISLANDS

With an enrolment of 506 students, an increase of 105 over the same period last year, McKinley high school is filled to overflowing. Despite the large number of pupils admitted to the institution when it opened last month, the teachers say they are experiencing no difficulty in carrying on the work. Contrary to frequent reports only a half dozen pupils from the other islands applied for admission to the local hall of learning, and were turned down.

It was stated at the high school this morning that McKinley is accommodating all eligible pupils. Students from the other islands are not considered eligible for admission, and consequently are turned away. An increase of 50 per cent in enrolment for the commercial course has been noted this term. The college entrance course has also received a large number of new pupils. Three additional teachers have been taken in at the high school, and the equipment has been increased considerably. No hardships in the way of handling the pupils have so far been experienced, say the teachers.

Fort Shafter Notes

(Special Star-Bulletin Correspondence.)
FORT SHAFTER, Oct. 17.—The amount of Liberty Bonds, taken by the soldiers of Fort Shafter, now aggregate \$14,600.50, with Company B, 2nd Infantry, in the lead, this company having subscribed \$10,600. Company M, 2nd Infantry, is pushing them close, with a total of \$10,550. The list of the officers' subscriptions has not been completed yet.

The order requiring all officers to report at headquarters at 11:30 a. m. has been revoked and in the future should any officer's attendance be needed, notice will be given him.

At a meeting of the board of managers of the 2nd Infantry mess, held on Sunday, the following officers were appointed to serve until the next regular meeting of the mess: Major Frank C. Bolles, president; Captain Robert H. Peck, vice president; Captain Robert M. Lyon, and Captain Ralph C. Holliday, members of the board of managers.

The books of the secretary were audited, and a new secretary-treasurer, Lieutenant Charles A. McGarrigle, was appointed to succeed Captain Edward F. Witsell, who was relieved owing to the fact that Captain Witsell has been ordered on duty with the National Guard of Hawaii.

HONOLULU BOYS OFF TO JOIN AMBULANCE CORPS

In answer to the recent call sent out by the National Tennis Players' Association, Bob Purvis and Ned Steel, local young men, left yesterday for the states, where they will join the ambulance corps being recruited by the athletic organization. A cable received by A. L. Castle Friday asked for more volunteers to drive ambulances in France, and Steel and Purvis responded. They will probably join the contingent of Honolulu men now at the American training camp at Allentown, Pa.

Recent advices from Ernest Podmore, who is training at Allentown, seemed to indicate that the tennis association had abandoned their ambulance units. If this is the case, Purvis will proceed directly to Allentown and join one of the regular army units and Steel will probably go to Washington, D. C., and join the camouflage company of which Twigg Smith is a member.

TEMPORARY APPOINTMENT FOR GENERAL REICHMANN

Brigadier General Carl Reichmann is mentioned in army orders from Washington as transferred from the 171st Infantry brigade to the 161st Depot brigade. The announcement is taken to mean that the officer is serving under a temporary appointment, as press despatches received here on the adjournment of congress stated that no action had been taken toward confirming him as a brigadier. The appointment had been held up pending charges that the officer had made pro-German statements.

A Maru boat due tomorrow will not be off port until 10 o'clock.

PROMOTION FOR COL. REICHMANN GOES ON TABLE

WASHINGTON, D. C., Oct. 5.—Senate action in the nomination of Colonel Carl Reichmann, of the regular infantry to be brigadier general, is being held up since his nomination August 15 because of charges that he is pro-German in sympathy. He will wait until the December session of congress. Efforts to dispose of the nomination before adjournment failed today in a three-hour executive session of the senate.

Opponents to confirmation forced action over after wide discussion behind closed doors. Senators Chamberlain and Fletcher of the senate military committee, and others strongly urged immediate and favorable action. Leading the opposition were Senators Poindeexter of Washington, Myers of Montana and Pomerene of Ohio.

After extensive hearings, a military affairs sub-committee voted 9 to 2 to confirm the promotion, Senators Myers and Frelinghuysen opposing. The committee's action is said to have followed negotiations for an informal understanding with the war department, that in event of confirmation the officer would not be assigned to duty outside of the United States or its possessions.

Colonel Reichmann has served in the army more than a score of years. His service was praised by many high army officers in the investigation, including Brigadier General McIntyre, former chief of the bureau of insular affairs.

The colonel was born in Germany and received much of his education there.

HUN AIR RAIDS AROUSE HATRED OF WOMENFOLK

"Vicious" is the word used to describe the feelings of the women of England toward the Germans as a result of the air raids on London and other English cities, says F. W. Collins, a rubber man, who is aboard an Oriental vessel in port today.

There is now a unanimous determination in England to press the war to victory and to punish the murderers of women and children. The air raids have, instead of terrorizing the people of England, aroused their anger and hate. The women, especially, are vindictive—really vicious—in their hatred of the Germans. You hear no talk of peace in England now," he declared.

This bitter feeling has come within the past three months, he explains, and he ascribes it to the German air raids. Six months ago, he admits, there was some depression in England, but says that this has given way to the present determination to punish the Germans.

Speaking of America's entry into the war, he avers that while victory would eventually have been wrested from the Huns by the British and French, it was a great encouragement to have the support of the big republic. He thinks America will hasten the end for the Germans.

Mr. Collins is the general manager of the Malacca Rubber Co. in the Straits Settlement and has been in England for 10 months. He left London only three weeks ago, stopping only one night in New York and three nights in San Francisco on his trip across the American continent.

The submarine menace is growing less and less, he maintains, citing his own experience on the White Star liner Baltic as proof. "After leaving Liverpool we took a zigzag course to the Irish coast, then a direct one to New York. We had no convoy, although there was a gun crew on the Baltic," he adds.

SCHOFIELD ROOKIES AGAIN IN TRENCHES

Owing to the fact that the trenches were not quite completed at Schofield Barracks training camp earlier this week, the company in training there did not go into them until yesterday. This was a change in the original plan to go in Monday morning and out this evening. The trenches will now be occupied until Friday evening.

Society Suffers in Summer

Possibly there is nothing more annoying to a refined woman than offensive perspiration or body odors. These abominable social pests have been well exemplified in the experience of Dr. M. K. Charlier, Faculte de Paris, France. Dr. Charlier uses a sponge bath made of 1 oz. Tyree's Antiseptic Powder in one gallon of water as preventive and cure. He says he finds the powder to be a deodorizer and stimulant of the skin and an alleviator of pain. Two teaspoonfuls of the pure powder in a pint of water gave him excellent results in a case of Poison Oak after all other remedies had failed. Similar happy effects were obtained from the use of the same strength solution in eczema.

The tender skin of a child is exceptionally sensitive to heat. Tyree's Antiseptic Powder used either dry, mixed with lard, or in solution as a sponge bath gives the little one comfort from all such painful affections. The doctor further suggests to social patrons the use of Tyree's Powder instead of poisonous talcums, carbolio acid, peroxide, etc., as it is in every way more agreeable and the results accompanying its use are much to be preferred to the dangerous and disagreeable agents now in use.

It is sold in packages at 25c and \$1.00 by the manufacturer, J. S. Tyree, Chemist, Inc., Washington, D. C.
